

REALTORS®

Making A Difference

170897

As a member of the Junior League I can give back to the community where I was born and raised.

Currently, I am co-chair of the W.I.S.H. Committee, (Women Instilling Self-Worth through Hope and Encouragement). W.I.S.H. is a gender specific program that advocates the young girls in the Juvenile Detention Facility.

We visit the girls twice a month offering positive reinforcement through our structured programs and our own life experiences. The girls really look forward to our visits and always offer us positive feedback for what we do.

Last year, I logged over 260 volunteer hours and earned the Silver award for Volunteerism from President Bush. Volunteering brings me great satisfaction.

I am proud to be a REALTOR® making a difference in my community.
